

The Strongest Position I Ever Saw In My Life: Mapping and Site Study of the Rivers Bridge Battlefield (Project Report Prepared for The American Battlefield Protection Program, National Park Service, Grant GA-2255-03-017, FINAL REPORT 2005).

Errata

- On page 32, troops of the 43rd and 63rd Ohio Infantry are incorrectly described as being shown in William Waud's sketch carrying their rifle muskets at shoulder arms. The soldiers are actually depicted carrying their rifle muskets at the right shoulder shift.
- On pages 23 and 65, and in footnote 40 on page 68, Matthew Jamison of the 10th Illinois Infantry is inaccurately identified as a captain. Jamison held the rank of lieutenant in Company E of that regiment.
